

OPEN CHALLENGE COMPETITION 2021

HOW IT WORKS

Your entry requires you to select one player from each of six groups. You must select one player from each group for a valid entry.

Your score is calculated purely on the basis of the selected golfer's actual score to par in The Open 2021 at Royal St. George's.

For example, if your selected golfer from Group 1 finishes on - 5, your golfer from Group 2 on + 15, golfer from Group 3 on - 8, golfer from Group 4 on - 1, and golfers from Groups 5 and 6 on level par, then the total score for the six golfers is +1.

If one of your chosen golfers fails to make the cut, is disqualified or withdraws during the tournament, their score at the time of the cut, withdrawal or disqualification will be recorded, plus an additional penalty of +10 shots.

If one or more of the golfers in your selection do not start, the highest ranked player who does not start will be replaced with the highest ranked player within that group who starts and is not listed on the entry, as per Official World Golf Rankings at the start of July 2021, prior to The Open 2021 at Royal St. George's Tournament.

The total score after the four days of competition will determine the final position.

In the event of a tie after the 4 rounds are completed, a countback will take place, and the final score of the Group 6 player selected will be assessed to determine the winner. If a tie remains this will go to the Group 5 player and so on to Group 1. If a tie remains, the winner will be determined by lottery. The judges' decision will be final and no correspondence will be entered into.
